

Specifier's Guide: Countertops

Seal

Fully breathable impregnating / penetrating sealers providing premium oil and water repellence. These impregnators do not form a film and do not change the natural look or texture of the surface. Classified under GRAS as safe for food surfaces.

Product	Protection	Low-VOC	Lifespan

Specifier's Guide: Countertops

Enhance and seal

Fully breathable impregnating enhancer enriches the colors of countertops and provides premium oil and water repellence. Dry-Treat enhancers do not form a coating like traditional enhancers and do not yellow, whiten, crack or peel. After a few years when the enhancement starts to fade, simply clean and recoat, with no stripping required. Classified under GRAS as safe for food surfaces.
